

Additional ways to support the school, without spending an extra penny !

Amazon Smile Program Amazon matches a small percentage of your purchase and donates it to the Village School. If you ever purchase anything on Amazon, then it's worthwhile to join this program. Go to the Village School website home page, just click the *Get Started* button, and it takes 20 seconds to set you up. Then, whenever you go to Amazon, you'll automatically make your purchases at AmazonSmile, it is the same as Amazon, you still have your old passwords, favorites and everything else.

Dean's Beans Coffee If you drink coffee, you can buy fresh coffee, whole or ground, monthly, online at the school website. You pay the same price or less than you would in the store for this high quality, locally roasted coffee. The coffee is delivered to the school a week later, and is waiting for you in the hallway. Information on varieties, pricing, and the order form is online at the Village School website.

Hannafords Helps Schools Program In the fall, when you buy groceries at Hannafords, take any 'school dollars' you receive at the cash register, and deposit them in the Village School spot in the collection tower in the store, or drop them off at the school. Ask friends and family to do the same. The program runs from September to December 1.

Affinity Program with TD Bank If you have an account at **TD Bank**, the bank, at no cost to you, will match a percentage of the annual balance and give it to the Village School! Checking, savings, money market, CDs, and retirement accounts are all included! Let friends and family know - anyone can join the program for the Village School. It's simple and a great way to help the school. Just call the Orange branch at **978.544.6915**, tell them you want to join the **Affinity Membership Program** for the **Village School** and give them this number: **Code A2259**.

Printer and Toner Cartridges There is a box at the end of the hallway for these. We return them to Staples, and they give the school a credit, (Staples 'Rewards') to be used on purchases. Last year we saved over \$250 on office supplies! You can also drop off cartridges directly at Staples, and tell them it's for the Village School.

Box Tops for Education Find the Box Tops logo on participating products such as Cheerios, toilet paper and more. Clip them and put them in the box in the hallway. The school gets 10 cents for each Box Top. And it adds up!
